

# Imagine

A CAREER IN  
SCIENCE,  
TECHNOLOGY,  
ENGINEERING  
OR MATH

## Scholarships Available for Veterans And Active Duty Military Personnel

At Palomar College we believe you need to do science as well as study it. That's why we're looking for students who aren't afraid to get their hands dirty! As a science or math major, you'll have numerous opportunities to explore your interest while participating in research alongside our professors.

We also understand that college can be expensive, particularly if you have a family or other expenses to worry about. To help, we've set aside a limited number of \$1,000.00 scholarships to offset the costs of things like textbooks, parking permits, and other miscellaneous expenses that your GI benefits might not cover.

APPLIED PHYSICS

COMPUTER SCIENCE

CHEMISTRY

BIOCHEMISTRY

BIOLOGY

MATHEMATICS

To apply for a scholarship, go to <http://www.csusm.edu/stem/stem scholarship form.html>. To learn more about the STEM opportunities at Palomar, visit [www2.palomar.edu/stem](http://www2.palomar.edu/stem)
